****It is important to note a **NO TIME IS ENTER AS A ZERO.**

***If the rounds are not set up correctly, let Patriot know and adjustments can be made. For Example, it is 2 rounds and you only see 1 round, that can be fix or vice versa. **A contestant can only enter a side pot as many times as they are entered in that event at your rodeo up to "2" times. If they are entered in the 15U breakaway 1 time, they cannot enter the side pot for the 19U and the 15U and use the same time for both. They must be entered in the 19U and the 15U. The times for the 19U will be entered in the 19U side pot event. The times for 15U will be entered in the 15U side pot event for qualifications. Barrels and poles are exceptions (see side pot summary for more information)**

- click "submit data" **Often** (if it is multiple rounds, the times will not calculate until you hit "enter")

This screenshot is identical to the one above, but with a blue arrow pointing to the 'Submit Data' button.

- A csv is provided with the Ft. Worth results and Las Vegas results. For each report click the respective report. The "Ft. Worth Draw" and the "Vegas Draw" buttons are report that can be ran for producers to know who entered the side pot. These could be used as time sheets as well.

This screenshot is identical to the one above, but with a blue arrow pointing to the 'Vegas Results' button.

**These results are unofficial until they are approved by the Patriot office and published. Patriot office is taking your word and professionalism to enter the times correctly.

A copy of the time sheets should be emailed to approvals@patriotevent.com to be audited before the results will become official. These sheets can be as picture, scan, or mail a copy to:
